EDUCATION

Bachelor of Science in Computer Science
Memorial University of Newfoundland

St. John's, NL
Sept 2021 – Dec 2026

Relevant Coursework: Data Structures & Algorithms, Object Oriented Programming, Data Preparation Techniques

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, C

Frameworks / Technologies: MongoDB, Express.js, React, Node.js, MERN Stack, Vercel

Databases: SQL, MongoDB

Libraries / Tools: Pandas, Git

PROJECTS

MedQueue | [Source Code](#) | [Live Demo](#)

- Designed and deployed **live MERN-stack healthcare prototype** on Vercel to improve ER wait-time transparency for patients and hospital staff.
- Built **3 role-based interfaces**: a patient portal, nurse dashboard, and operations view, plus **demo mode** to simulate the end-to-end experience.
- Enabled patients to track **3 key updates** in real time: queue status, estimated wait time, and return instructions during long ER waits.
- Implemented workflows for **2 primary user groups** (patients and nurses) while supporting live queue management and wait-time monitoring for hospital operations.

EXPERIENCE

Sales Representative | *Charm Diamond Centres*
St. John's, NL

Jan 2023 – Jul 2023

- Delivered in-person customer service in a **7-month** retail role, assisting shoppers with product selection and purchase decisions.
- Supported **daily** showroom operations by maintaining product knowledge, organizing displays, and contributing to a positive customer experience.

Hostess | *Mallard Cottage*
St. John's, NL

Jul 2024 – Dec 2024

- Managed guest greeting, seating, and waitlist coordination in a fast-paced restaurant environment over a **6-month** front-of-house role.
- Collaborated with servers and kitchen staff throughout **daily shifts** to support efficient guest flow and a welcoming dining experience.

VOLUNTEERING EXPERIENCE

Volunteer Assistant | *Blue Cross Hyderabad, Animal Birth Control Centre*
Hyderabad, India

2020 – 2021

- Contributed over a **2-year** period by supporting **2 core areas**: data entry and field assistance for animal care operations.
- Assisted the veterinary doctor with on-field support involving dogs and other animals while helping maintain organized care records.

Radio Jockey | *Narayana Group of Schools*
Hyderabad, India

2016 – 2019

- Hosted school radio programming over a **4-year** period, keeping students engaged and entertained during **daily** breaks.
- Presented **daily trivia** and announcements over the radio, strengthening communication, confidence, and public speaking skills.
